

K-LOVE radio is the only contemporary Christian radio station in the local area. About two years ago, I stopped listening to non-christian music and no longer enjoy listening to the "secular" stations I used to listen to. I am divorced and only have visitation of my children on certain days. Whenever my children get in my truck, they ask if the radio is on K-LOVE and if it's not, they ask to listen to K-LOVE. The only times my radio is not tuned to 90.7 KLOVE is when I'm listening to a CD. My children and myself frequently try and count the number of K-LOVE bumper stickers we see while driving as well as my children have the radios in their rooms tuned to 90.7 K-LOVE.

KLOVE as I stated earlier is the only local contemporary Christian music station in the area. I believe that this area as all other areas need at least one Christian radio station in the area to provide music for those that want to learn more about the Christian beliefs as well as for those of us who enjoy the uplifting music.

Thank you for your time,

Brandon L. LaMay
